APP Providers a Good Choice for New Patients

Asante Physician Partners' recent growth has positioned the practice as a great choice for those seeking new-patient appointments. The availability of APP providers means that community members and Asante employees can establish care promptly with select primary care providers in Ashland, Medford, Talent or White City.

All Asante Physician Partners primary-care clinics offer same-day appointments for established patients, and some offer extended hours. Primary-care clinics in Medford provide on-site lab services, and APP–Family Medicine on Murphy Road also offers on-site X-ray services.

The federal Affordable Care Act and its population health model for providing wellness-based health care to communities stress the importance of patients establishing relationships with primary-care providers to avoid unnecessarily expensive services, such as emergency department visits.

Primary-care providers at several of the APP clinic locations are currently accepting new patients. Request an appointment [online](#) or call the numbers below:

ASHLAND

Internal Medicine, 560 Catalina Drive

- [Alan Ackroyd, MD](#), (541) 201-4800
