MetLife Mobile App Now Available

If you are enrolled in an Asante dental plan through MetLife, finding an in-network dentist or checking up on the status of a claim just got a little easier. Members can find an in-network dentist, view their plan summary and claims, and view their ID cards with the new MetLife Mobile app.

Ready to download? Search for “MetLife” at the iTunes App Store or Google Play to download the app. Then use your MetLife MyBenefits log-in information to access the app’s features.

If you have not registered your MetLife MyBenefits account, go to www.metlife.com/mybenefits to do so. MyBenefits registration cannot be done from mobile devices.

MetLife offers various services, but the new app will allow access only to Asante dental plan information.
