New lot to free up parking for patients and visitors

A pit just west of Asante's corporate building along Siskiyou Boulevard in Medford will take shape this month as the organization's newest parking lot, freeing up 28 spaces for guests and visitors on the Asante Rogue Regional campus.

Excavation for the lot began May 18 and it is expected to be completed by June 22.

With the new parking lot for employees who work in the corporate building, existing spaces will open up for patients and visitors, said Ron Slack, the project manager for Asante's Real Estate Department. "We will have 2,499 spaces available (at Asante Rogue Regional), which will exceed the amount required by the city," Ron said.

The sidewalk from Siskiyou Boulevard to the corner of the existing parking lot for the corporate building is closed during construction. The construction may also cause the two northbound exit lanes on Medical Center Drive to be narrowed at times to one lane.
