ASANTE® News

ASANTE ASHLAND COMMUNITY HOSPITAL | ASANTE PHYSICIAN PARTNERS | ASANTE ROGUE REGIONAL MEDICAL CENTER | ASANTE THREE RIVERS MEDICAL CENTER

Preview: Cardiac Rehab, Cardiopulmonary Services

A special preview of the new Cardiac Rehab and Cardiopulmonary Services facilities at Asante Rogue Regional Medical Center will be held for Asante employees, providers and physicians from 4 p.m. to 6 p.m. on Thursday, April 30.

Asante Cardiac Rehab and Cardiopulmonary Services relocated to space in the hospital's South Lobby Entrance area that was renovated in a construction project that began in early December.

The two units have more than doubled their size, significantly increasing capacity for patient and member participation.

Cardiopulmonary Services opened in its new space earlier this month, and Cardiac Rehabilitation will begin operating in its new quarters on Monday, April 27.

Valet service will be available at the hospital's South Lobby Entrance for the Asante-only open house and tour on April 30. A public open house and tour will be held a month later, from 2 p.m. to 4 p.m. on Friday, May 29.

The expansion allows Asante's Cardiac Rehabilitation team to enhance patient lifestyle, education and support programs. The

Cardiac Rehab program is directed by cardiologists and staffed by multidisciplinary teams. It includes individualized exercise prescriptions and monitoring, extensive education for both patients and their families, and emotional support.

The renovation will enable easy patient access, with drive-through drop-offs at the South Entrance Lobby, and streamlined registration. The open floor plan includes two private intake rooms, a dedicated waiting area, new furniture and state-of-the-art exercise equipment and technology.
