Saturday Lab Service Changes Locations

A Saturday blood draw no longer requires a trip to the hospital for Asante patients. It takes a visit instead to Asante's Medical Arts Building at 691 Murphy Road – across the street from Asante Rogue Regional Medical Center.

The Laboratory Services Department made the change last Saturday, closing the draw station inside the hospital's North Lobby in favor of the laboratory inside the Medical Arts Building, which is now open on Saturdays from 7 a.m. to 3:30 p.m.

The only other Asante lab with weekend hours is at Asante Three Rivers Medical Center in Grants Pass, which is open from 8 a.m. to noon on Saturdays. Routine lab draws are not otherwise offered on weekends, but urgent, after-hours lab services are available in the emergency departments of all three Asante hospitals.
