This year's Truven 15 Top T-shirts are in the house

The wait is over! The commemorative T-shirt honoring your achievement to help build Asante into one of the 15 top health systems in the nation has arrived.

For the fifth year in a row, Truven Health Analytics named Asante a 15 Top Health System — the only health system in Oregon and Washington to achieve this award.

This year's study evaluated 337 health systems and 2,924 member hospitals across the nation to identify the 15 health systems with the highest overall achievement on five performance measures, including inpatient outcomes, process of care, extended outcomes, efficiency and patient experience.

In appreciation, Asante is giving free T-shirts to every employee. If you work in an outlying facility or in an Asante Physician Partners clinic, please go to the nearest hospital to pick up your T-shirt. If the location doesn't have your size, your name and department will be written down; a shirt will be located from one of the other distribution sites and provided to you with a week.
