## Asante Executive VP Posts His Thanks

***Scott Kelly, Asante's executive vice president and the CEO of Asante Rogue Regional, kicked off his holiday season recently by expressing his gratitude on Facebook for the contributions of each Asante employee in helping the organization achieve its vision and be a community leader.***

***The post from Scott, thanking all Asante employees:***

As I prepare to enter the holiday season and enjoy the company of my family and friends, I want to take a moment to say thank you. I'm especially thankful for the great people of Asante who make me proud to be part of a great organization. Our care team, which includes every single employee, physician and volunteer, is the reason we are one of the 15 Top Health Systems in the nation for the third year in a row.

On a daily basis, I witness heroic acts ranging from emergency responses to extraordinary caring and compassion by our care team of doctors, nurses, respiratory therapists, laboratorians, pharmacists, certified nursing assistants, social workers, environmental services, and more. (The list is very long and I can't list them all!)

I appreciate the dedication and professionalism each of you bring to the Asante team. We are committed to providing medical excellence and outstanding customer service, and being a great place to work. I am pleased to say we are moving ever closer to achieving our vision.

As the largest provider of health care and largest employer in the region, Asante plays a significant role in the physical and economic health of our community. What we do each and every day impacts the entire region and makes Southern Oregon a better place to work and live.

My most sincere thanks to the 5,000 employees who are the Asante care team. Your efforts, dedication and innovation help us improve the lives of everyone we come into contact with. I have no doubt that by working together we will continue to be one of the finest health systems anywhere in the world.

Asante – We Are One!

Thank you for all you do,

Scott Kelly  
Executive Vice President of Asante and  
CEO of Asante Rogue Regional Medical Center
